To our valued customers and community.

You, our community and customers, are at the heart of everything we do. The health and safety to our employees and customers is of the utmost importance. We are a family owned and operated business. As we observe the changes COVID-19 and the impact it is having on our community, I wanted to share with you the steps we are taking internally to keep everyone safe and healthy.

While our stores remain open, we are asking all of our employees to take additional precautionary measures. We have increased the number of times we sanitize our countertops, door handles, keyboards, credit card readers, carts, and baskets. We encourage our employees to stay home if they are not feeling well and encourage our customers to do the same. We will still employ the same level of customer service that we have done for years but will do so by the states and CDC's recommended guidelines. For those who would like, we can offer curbside carryout to anyone who needs something and doesn't want to leave from the comfort of their vehicle. Just call 575-935-1111 and we would be happy to accommodate you.

We also have a team of dedicated individuals staying on top of the latest updates and products needed. We will continue to source these items as they become available.

Our customers and community are family. We assure you that we are doing our best to stay on top of this continuously evolving situation.

Thank you,

James A. Burns
